[Excerpts]

Article 2
For the purpose of this Administrative Regulation, the term “contracting foreign project” refers to such activities of a Chinese enterprise or other entity [...] contracting an overseas construction project.

Article 4
In contracting foreign projects, entities shall safeguard national interests, social public welfare and the legitimate rights and interests of their expatriate employees. A foreign project contractor shall abide by laws of the host country or region, honor the contract, respect local customs and practices, protect the ecological environment and promote the local economic and social development.

Article 12
Foreign project contractor shall not secure any project through unfair price competition, collusive tendering or commercial bribery.
