

General Office of the China Banking Regulatory Commission Document

CBRC General Office (2014) No.186

Notice of the China Banking Regulatory Commission on Key Performance Indicators of Green Credit Implementation

All CBRC local offices, policy banks, state owned commercial banks, joint-stock commercial banks, and postal savings bank:

Green Credit Key Performance Indicators formulated by the CBRC are published and released to you in order to implement the following policy requirements: *Comprehensive Energy Saving and Emission Reduction Scheme of the 12th Five-Year Plan* (State Council (2011) No. 26), *Environmental Protection Planning of the 12th Five-Year Plan* (State Council (2011) No. 42), and the *Opinions of the State Council on Accelerating the Development of Energy Saving and Environmental Protection Industries* (State Council (2013) No. 30), to fulfil requirements made by the *Green Credit Guidelines* (CBRC (2012) No.4) and other regulations, and to promote the implementation of green credit by the banking institutions.

All banking institutions are required to facilitate and thoroughly carry out self assessment of their green credit implementation following the requirements of the Green Credit Key Performance Indicators, and submit the results of the self-assessment to the CBRC before May 31 of each year.

All local offices of the CBRC may facilitate and thoroughly carry out the relevant self-assessment work according to the real situation of the banking institutions under their jurisdiction.
